

Josiane Morais

Senior Middleware Administrator | Oracle DBA

Madrid, Spain · [linkedin.com/in/josiane-morais-9b893a29](https://www.linkedin.com/in/josiane-morais-9b893a29) · github.com/josymorais2006 · hexacats.cloud

PROFILE

Oracle Database Administrator and middleware specialist with 12+ years of experience in mission-critical enterprise environments. Skilled in Oracle Database 11g to 19c, Oracle SOA Suite, OSB, WebLogic, Oracle E-Business Suite and Oracle Cloud Infrastructure. Strong background in performance tuning, troubleshooting, backup and recovery, patching and automation, with hands-on experience in Exadata and ODA.

CORE SKILLS

Database	Oracle Database 11g/12c/19c, Exadata, ODA, RAC, Data Guard, RMAN, AWR/ASH tuning, Oracle EBS 12.1/12.2
Middleware	Oracle SOA Suite, Oracle Service Bus, WebLogic, Tomcat, WildFly (JBoss), Apache, SSL/TLS, load balancing, hardening
Cloud	Oracle Cloud Infrastructure, Autonomous Database, OCI Ampere (ARM)
Automation	Linux, Shell scripting, Python, DevOps support, CI/CD pipelines
Home lab	Proxmox VE, Docker, Tailscale

PROFESSIONAL EXPERIENCE

RedFaire – Oracle SOA Administrator

Remote, Ireland | 2026 – Present

- Onboard and support Oracle SOA Suite, OSB and WebLogic environments for international clients
- Plan patching and product lifecycle based on the Oracle support roadmap
- Build the team knowledge base and operational runbooks

EBS IT – Oracle Database Administrator

Brazil, remote | Jun 2024 – 2026

- Managed Oracle Databases 12c/19c and Oracle EBS in high-availability environments
- Performed patching, performance tuning with AWR/ASH and proactive incident prevention
- Led system health monitoring and complex troubleshooting initiatives

Ministerio de Sanidad, Government of Spain – Middleware Consultant

Madrid | Dec 2023 – Jun 2024

- Provided expert support for WebLogic 11g/12c-based applications
- Worked with development teams on Java issues, load testing and performance optimization

BNP Paribas, CIB IT I&P – Application Support Specialist

Madrid | Apr 2022 – Dec 2023

- Supported JBoss, WildFly and IIS platforms and coordinated updates, patches and migrations
- Specialized in SSL/TLS cipher configuration and secure protocols for Java EE and .NET applications
- Automated processes and created comprehensive documentation

EBS IT – IT Consultant

Brazil, then remote from Bucharest, Romania | Oct 2017 – Apr 2022

- Implemented and upgraded Oracle Database 11g–19c and managed Java-based applications
- Built automation with Shell and Python
- Administered WebLogic, Apache and OSB, including an Oracle Fusion Middleware 12.2.1.4 cluster architecture delivered with Oracle

Ninecon Consulting – IT Consultant

Brazil | Oct 2014 – Oct 2017

- Maintained Oracle EBS and web server infrastructure
- Performed performance tuning and system troubleshooting

Trust Consulting – Junior DBA

Brazil | Sep 2010 – Sep 2013

- Monitored system alerts, managed the ticket queue and supported senior DBAs
